CATALYZING THE MANUFACTURING
REVOLUTION IN VIETNAM

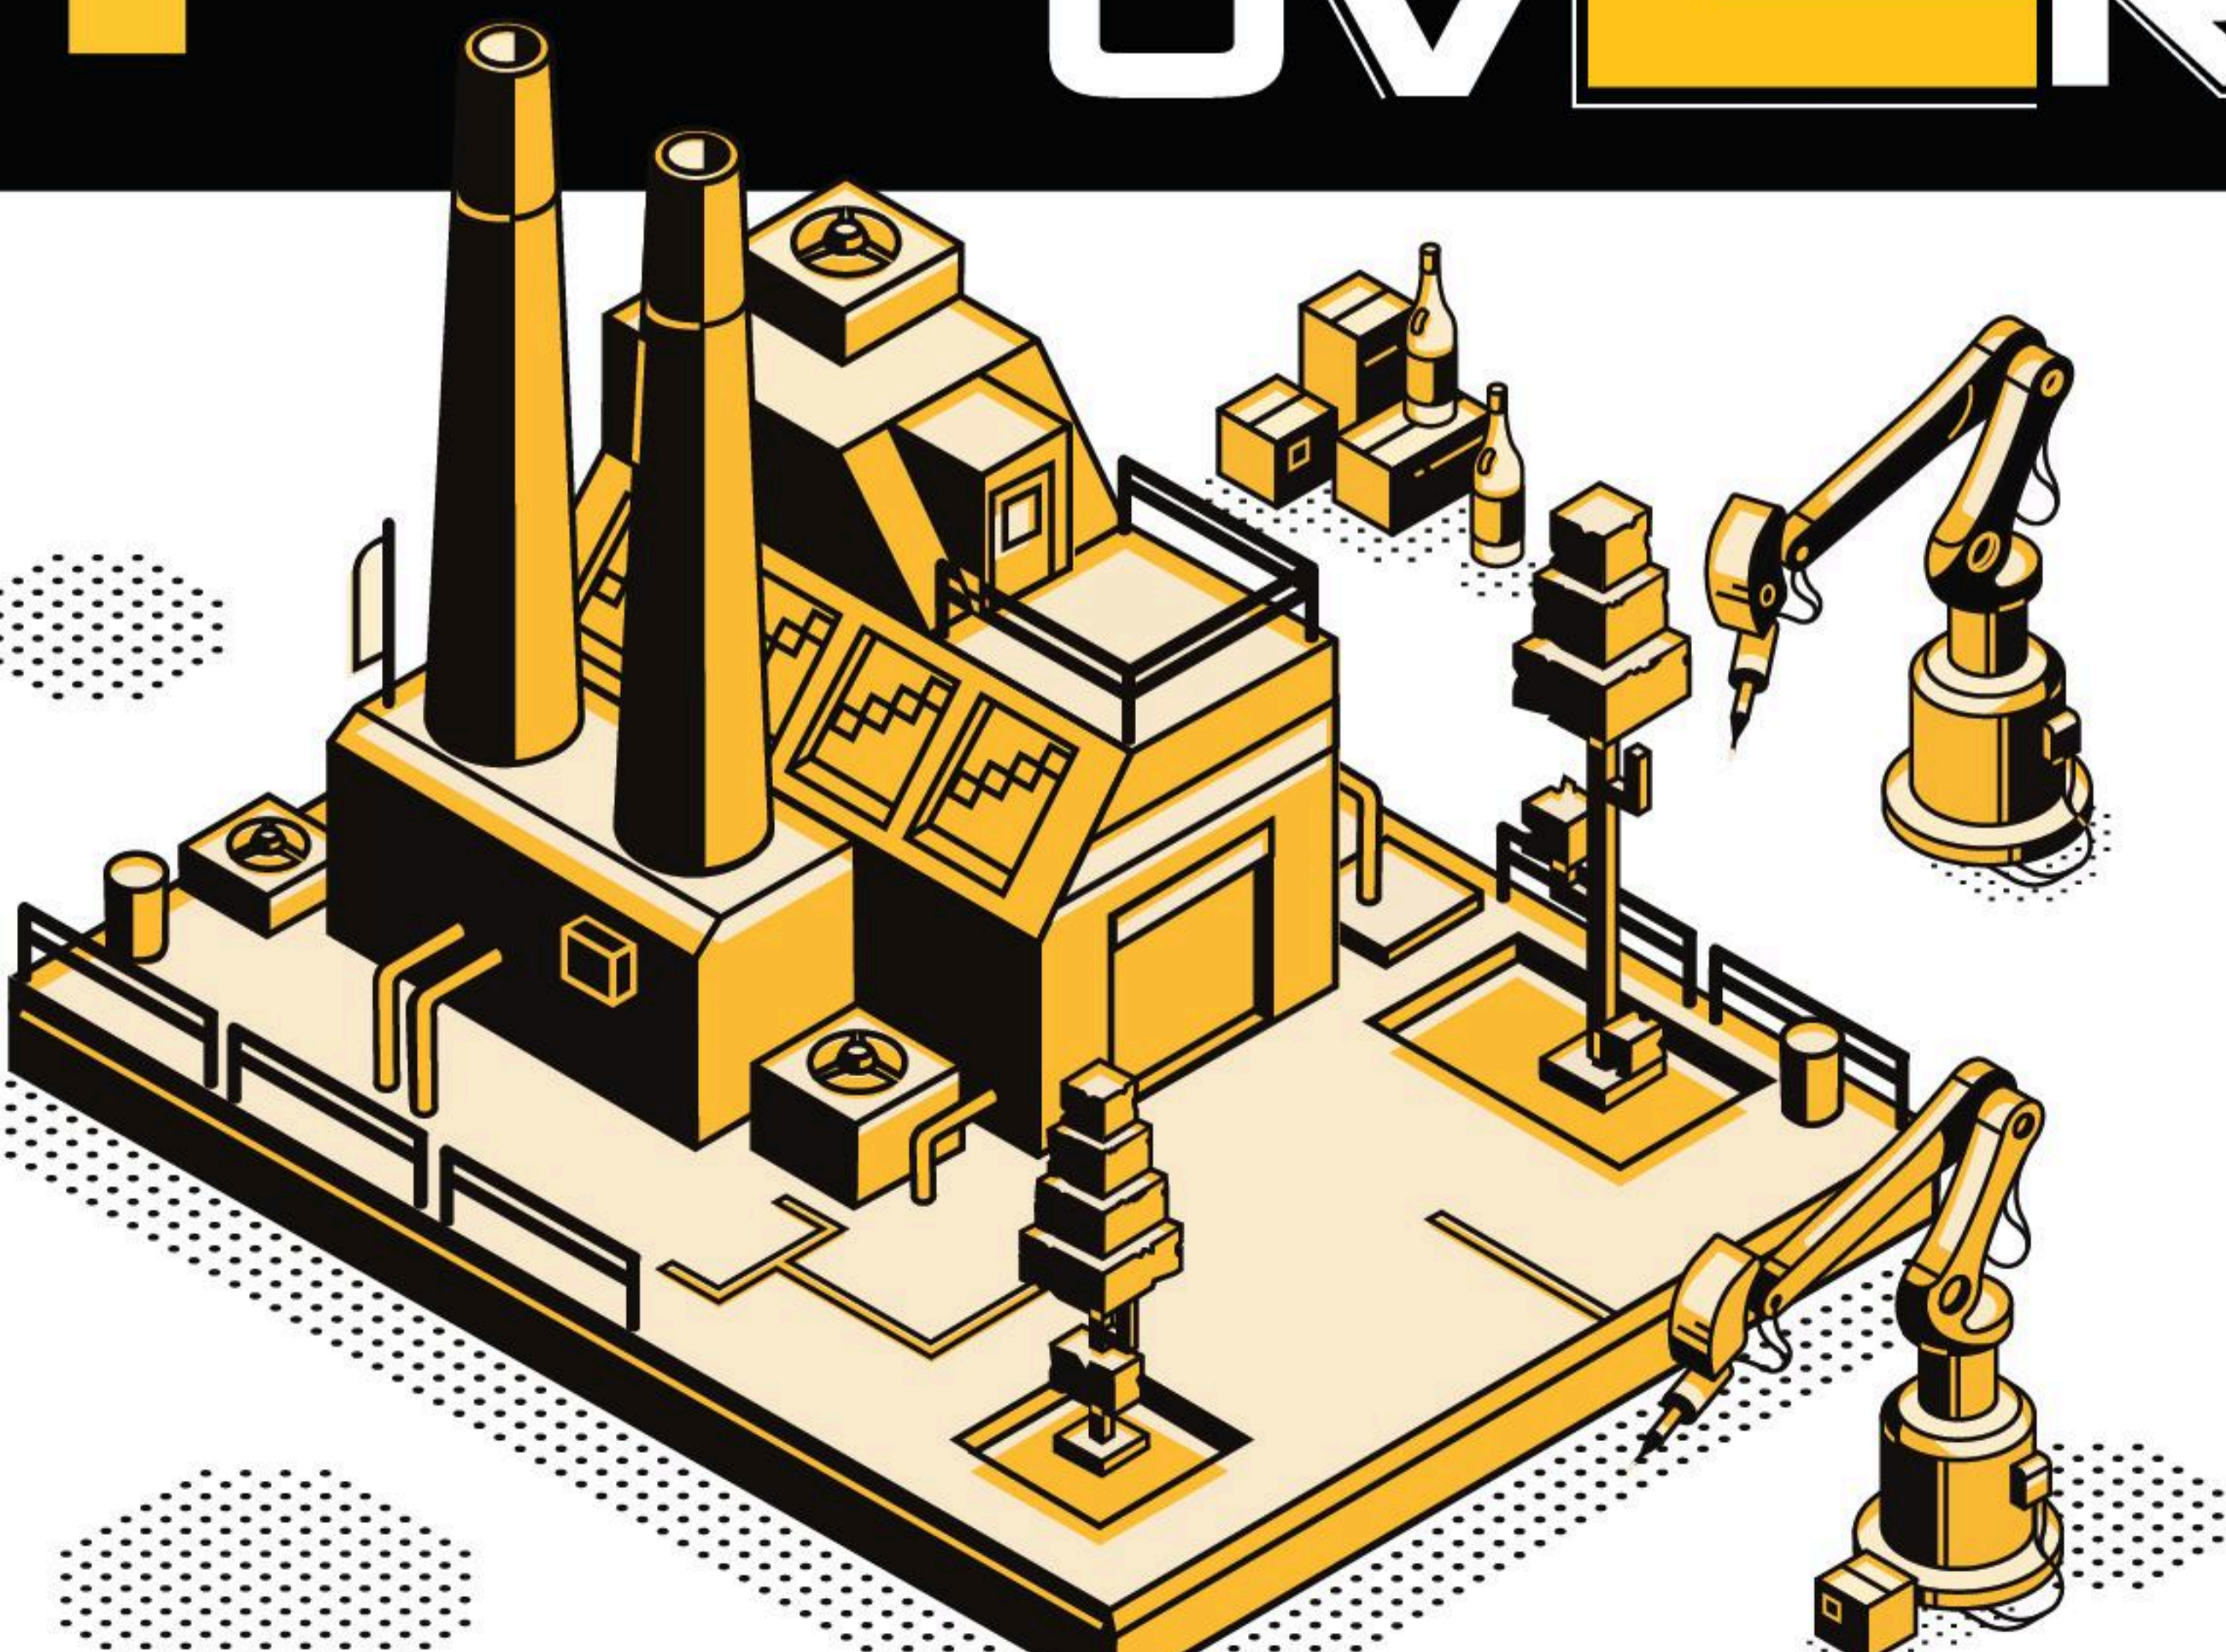

INTRODUCTION

Welcome to the VIMF - Vietnam Industrial & Manufacturing Fair, hold alongside the VIAF - Vietnam Industrial Automation Fiesta.

We are excited to bring the very second edition of VIMF to the Northeast region of Vietnam, hosted in Hai Phong. This international exhibition will gather leading domestic and international manufacturers, offering valuable opportunities

OVERVIEW EXHIBITION

ABOUT THE EXPO

- A specialized exhibition focusing on the core of Vietnam's manufacturing sector.
- With 26 successful editions, the VIMF series has become a trusted and prestigious brand recognized across Asia.

MANUFACTURING ECOSYSTEM HUB

Direct networking opportunities with major manufacturing plants and corporations in the region:

Key customer groups in Hai Phong industrial parks targeted for connection by VIMF.

KEY EXPERIENCES

◆ Explore Disruptive Technologies:

Delve into the realm of smart manufacturing and intelligent automation powered by artificial intelligence (AI), sophisticated robotic systems, sustainable production solutions, and a host of other advancements.

◆ Forge Strategic Partnerships:

Expand your professional network by connecting with prominent manufacturers, suppliers, and industry experts from across the Asian continent.

◆ Achieve Competitive Advantage:

Acquire the knowledge and practical skills necessary to optimize production processes, enhance operational efficiency, and effectively manage costs.

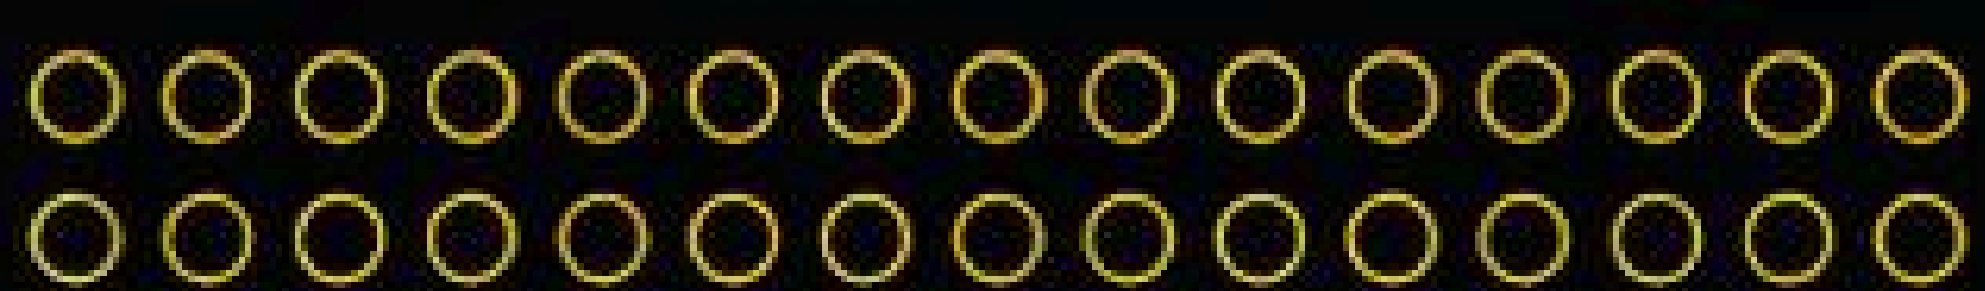

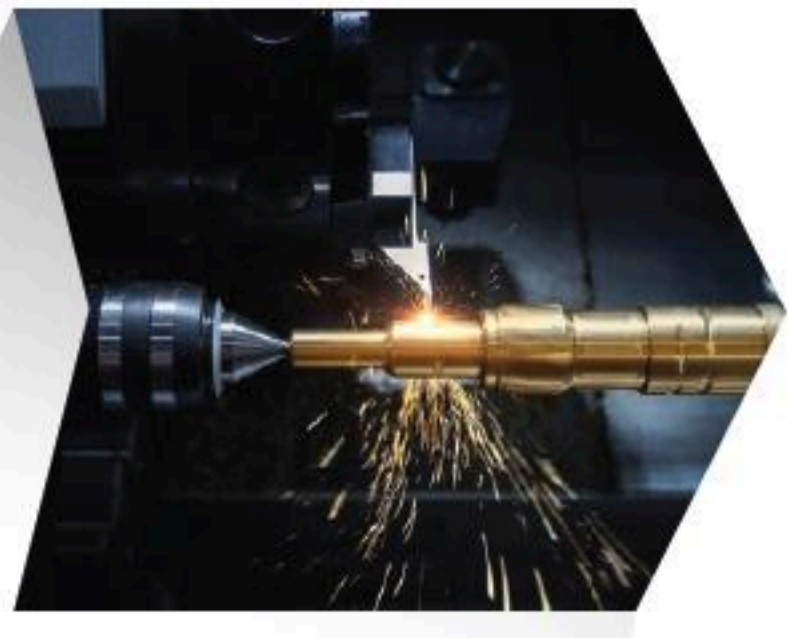

VIMF

ADDRESSING BUSINESS CHALLENGES

MACHINE TOOLS AND ANCILLARY EQUIPMENT

(CNC Machinery, Lathes, Mills; Contract Manufacturing/Precision Machining; Cutting Tools, Tooling & Tool Holding; Forming & Fabricating Machines; Plasma, Laser, Waterjet & Ultrasonic Machines; Ancillary Equipment Suppliers)

ROBOTICS AND AUTOMATION

(Industrial Robots, Collaborative Robots, Automation Technologies, Process Automation, Manufacturing Automation, Machine Vision Systems, Control and Monitoring Software, Safety and Compliance Technologies)

DESIGN ENGINEERING AND MANUFACTURING SOLUTIONS

(Material Handling & Logistics, IT Solutions include CAD, CAE, ERP, Production Management Systems for the Manufacturing Industry)

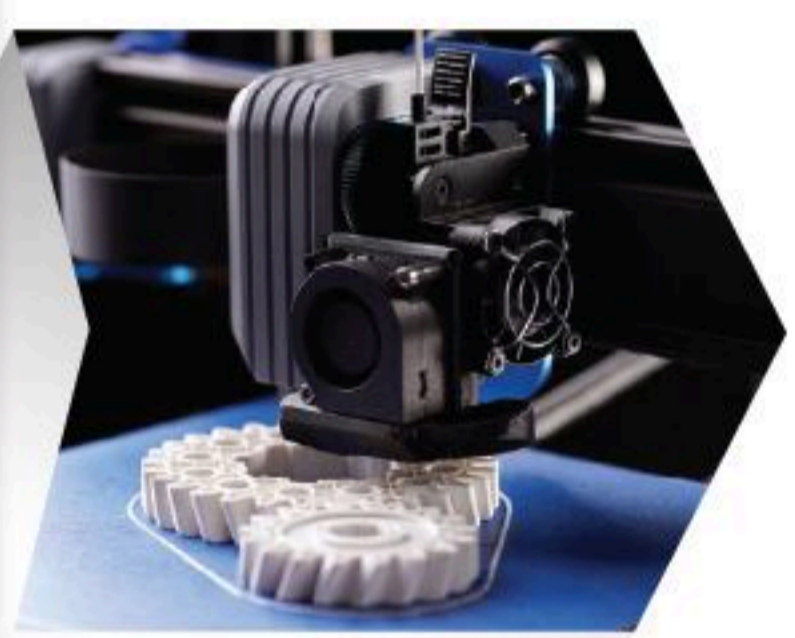

FACTORY FACILITIES AND EQUIPMENT

(Warehouse Automation, Energy-Saving Products for Factories, Logistics Equipment, Maintenance Products and Safety Products)

MECHANICAL COMPONENTS AND MATERIAL TECHNOLOGY

(Motor, Bearing and Mechanical Components, Machining, Pressing and Other Processing Technologies)

ADDITIVES AND ADVANCED MANUFACTURING

(Additive Manufacturing, 3D Printers, Materials and Contract Molding Services)

MTS

(Measuring, Inspection, Testing and Weighing Machines, Sensors and Cameras)

MANUFACTURING DIGITAL TRANSFORMATION

(IT Products and Services to Drive Digital Transformation (DX) for the Manufacturing Industry)

INDUSTRIAL ODM / EMS

(Development and Manufacturing ODM / EMS and Outsourcing Services)

INDUSTRIAL AI / IOT

(IoT Platforms, AI Solutions and Communication Devices)

VISITOR PROFILES

NORTHEAST SECTION - HAI PHONG

15-17.04.2026

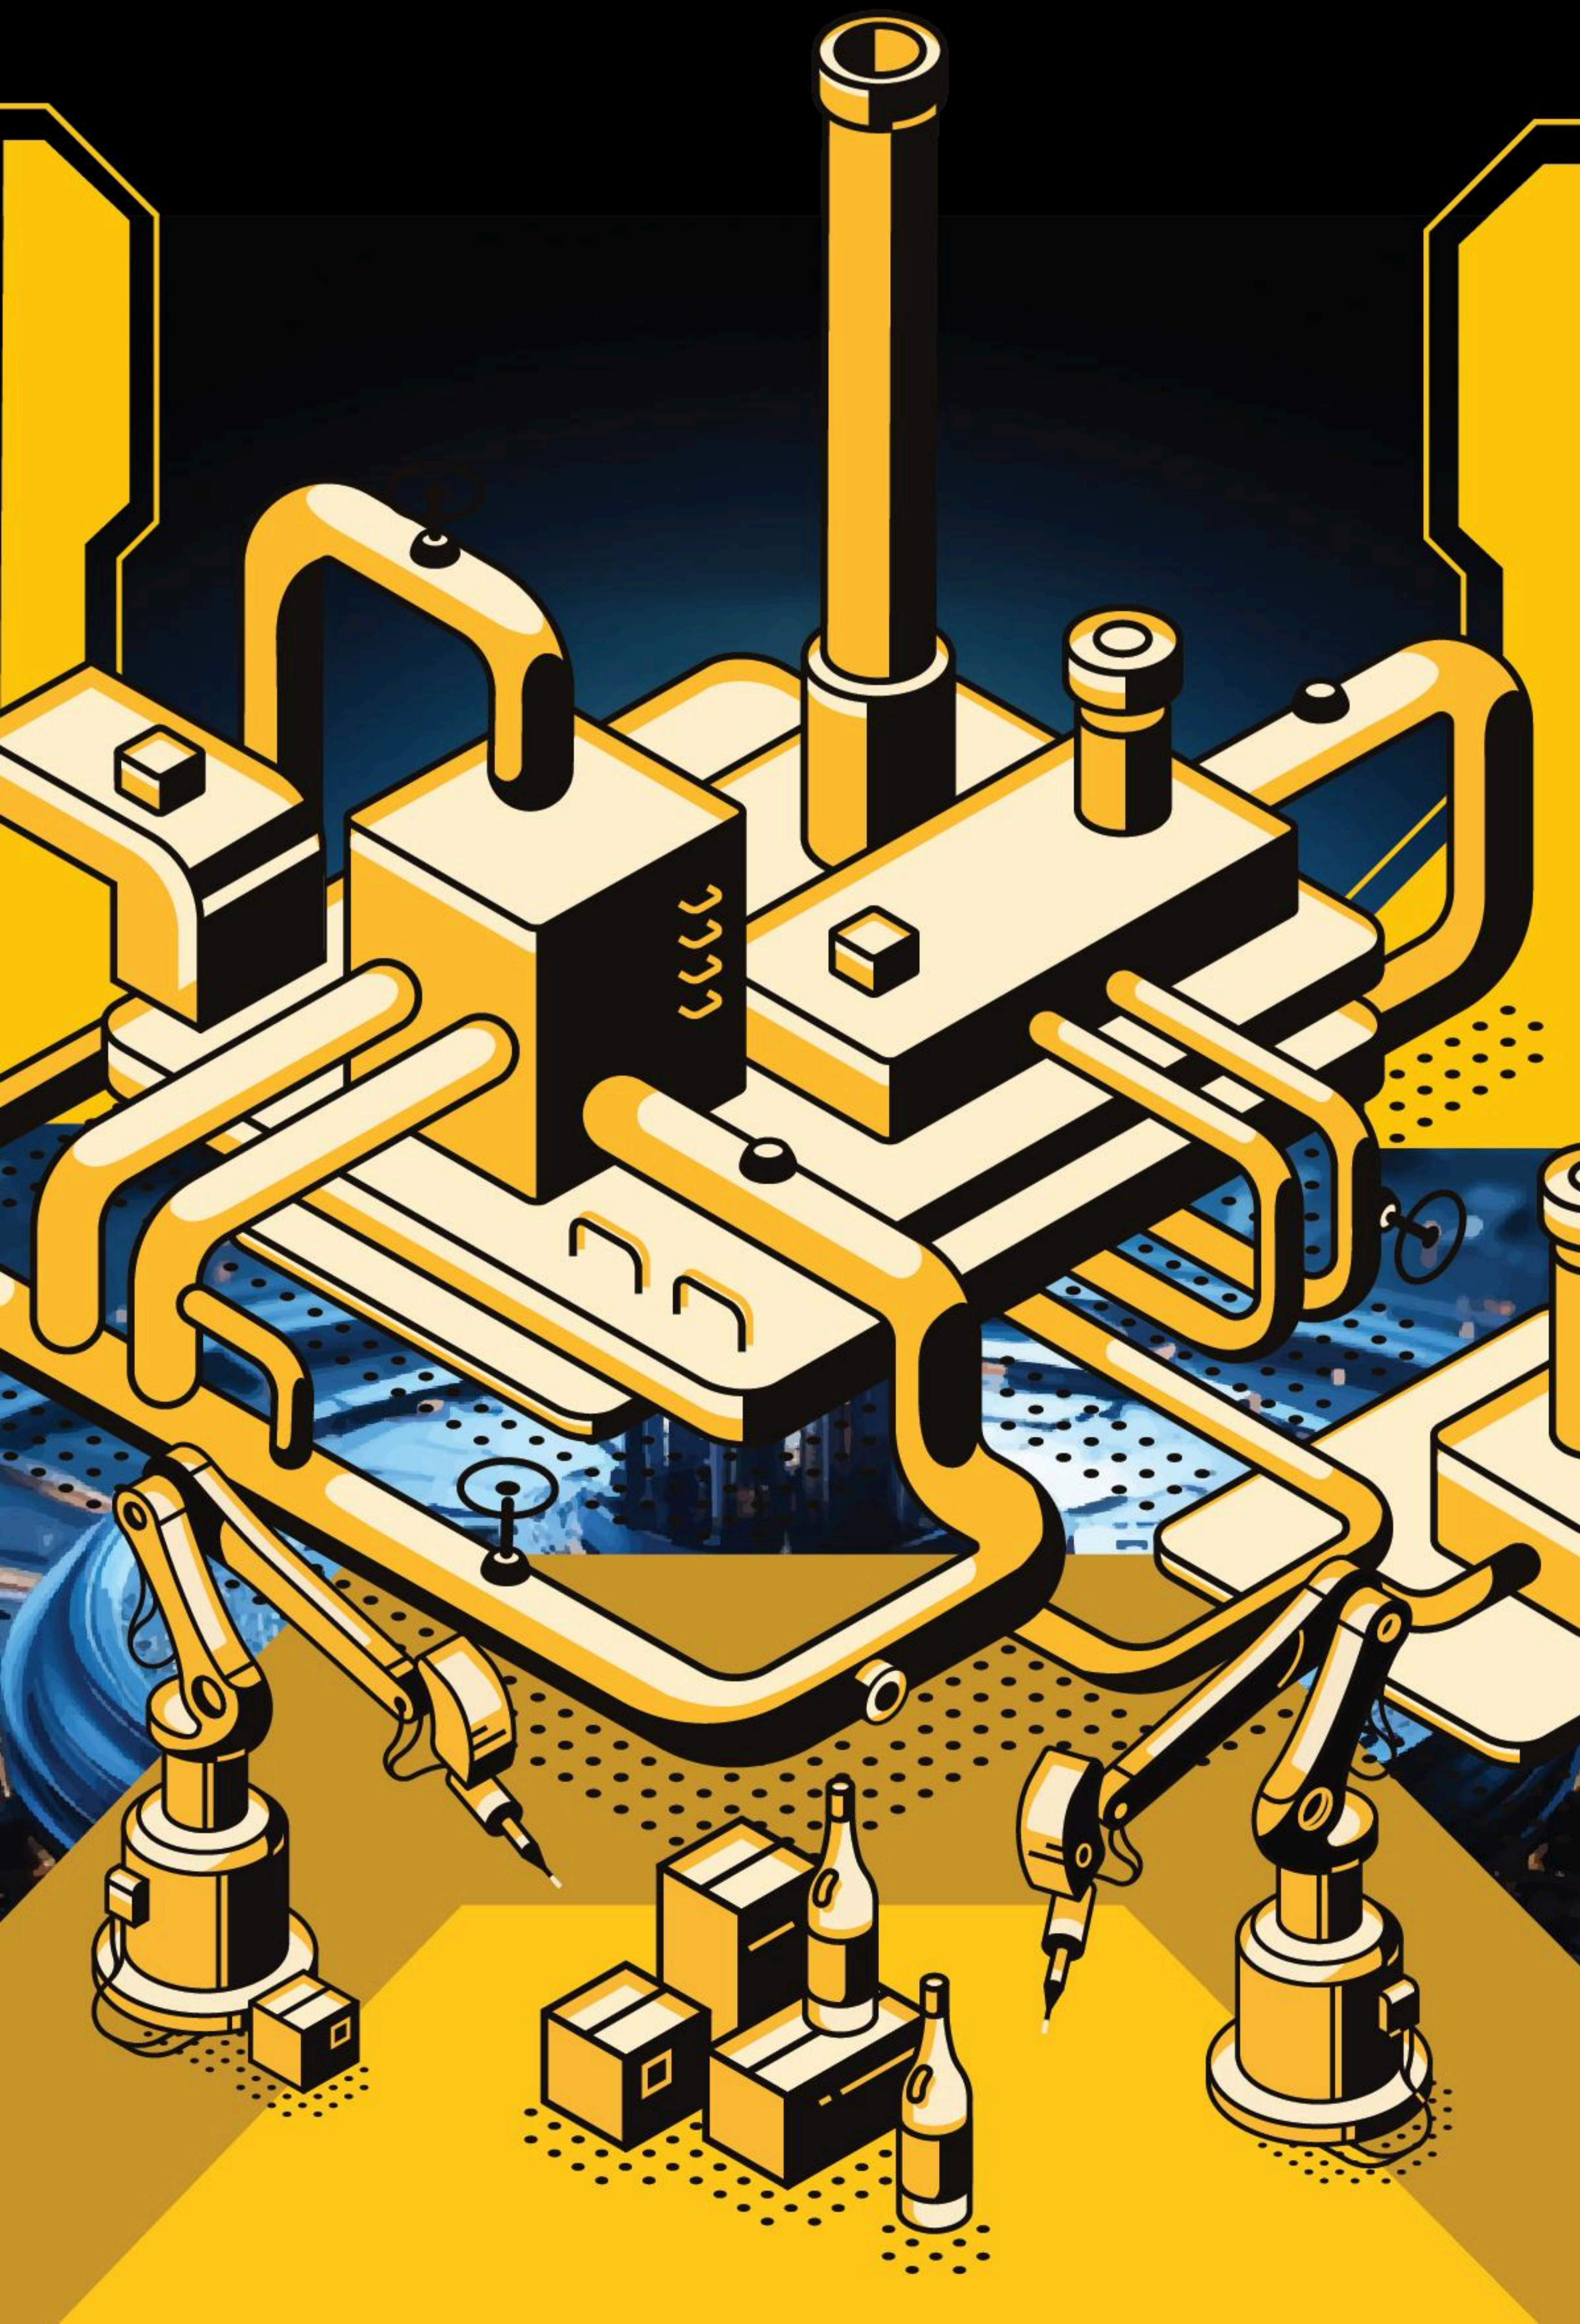

VISITOR PROFILES

High-quality visitors at the VIMF 2026 exhibition series are professionals, managers, business leaders, and representatives from a diverse range of domestic and international industrial sectors. They attend to seek technologies, solutions, connect with partners, and stay updated on the latest trends in manufacturing, automation, material handling, electronics, and 3D printing. The list includes, but is not limited to, the following groups:

WELCOME TO VIMF HAI PHONG

KEY INDUSTRIAL SECTORS

- Aerospace & Defense
- Architecture & Construction
- Automotive (Assembly, Component Manufacturing, Parts, OEM, Aftermarket)
- Heavy Industry & Machine Building
- Metalworking & Steel Industry
- Chemical & Petrochemical Industry
- Plastics & Rubber Industry
- Electrical & Electronics Industry (Equipment Manufacturing, Components, Semiconductors, Electronic Supporting Industry)
- Consumer Products Industry (Processing plants & Goods manufacturing)
- Food & Beverage Industry (Processing plants)
- Pharmaceutical & Medical Industry
- Textile & Footwear Industry
- Wood Processing Industry & Furniture
- Paper & Printing Industry
- Packaging Industry
- Logistics, Warehousing & Supply Chain
- Ports & Transportation
- Mining & Minerals
- Energy (Power, Oil & Gas, Renewable Energy)
- Water Management & Wastewater Treatment
- Cosmetics & Personal Care
- Dentistry & Medical Devices
- Precision Engineering & Tool, Die, and Mould Manufacturing
- Other Supporting Industries (casting, welding, surface treatment...)
- Industry 4.0, IoT, AI Solution Providers

Roles and Titles:

- Chief Executive Officers (CEO, Managing Director) & Business Owners
- Production, Operations, Technical, Maintenance, Quality Directors/Managers
- Purchasing, Procurement, Supply Chain Directors/Managers
- Research & Development (R&D), Design Directors/Managers
- Engineers (Mechanical, Electrical, Automation, Industrial, Robotics, Systems, Software...)
- Technicians & Production Supervisors
- System Integration & Technology Consulting Specialists
- IT & Digital Transformation Directors/Managers
- Project Managers
- Representatives from Industry Associations, Government Agencies, Industrial Parks
- Researchers, Lecturers from Research Institutes, Universities, Colleges
- Investors, Industrial Consultants
- Buying Groups & Agents/Distributors
- Industrial Safety & Environmental Specialists

TARGET MARKETS

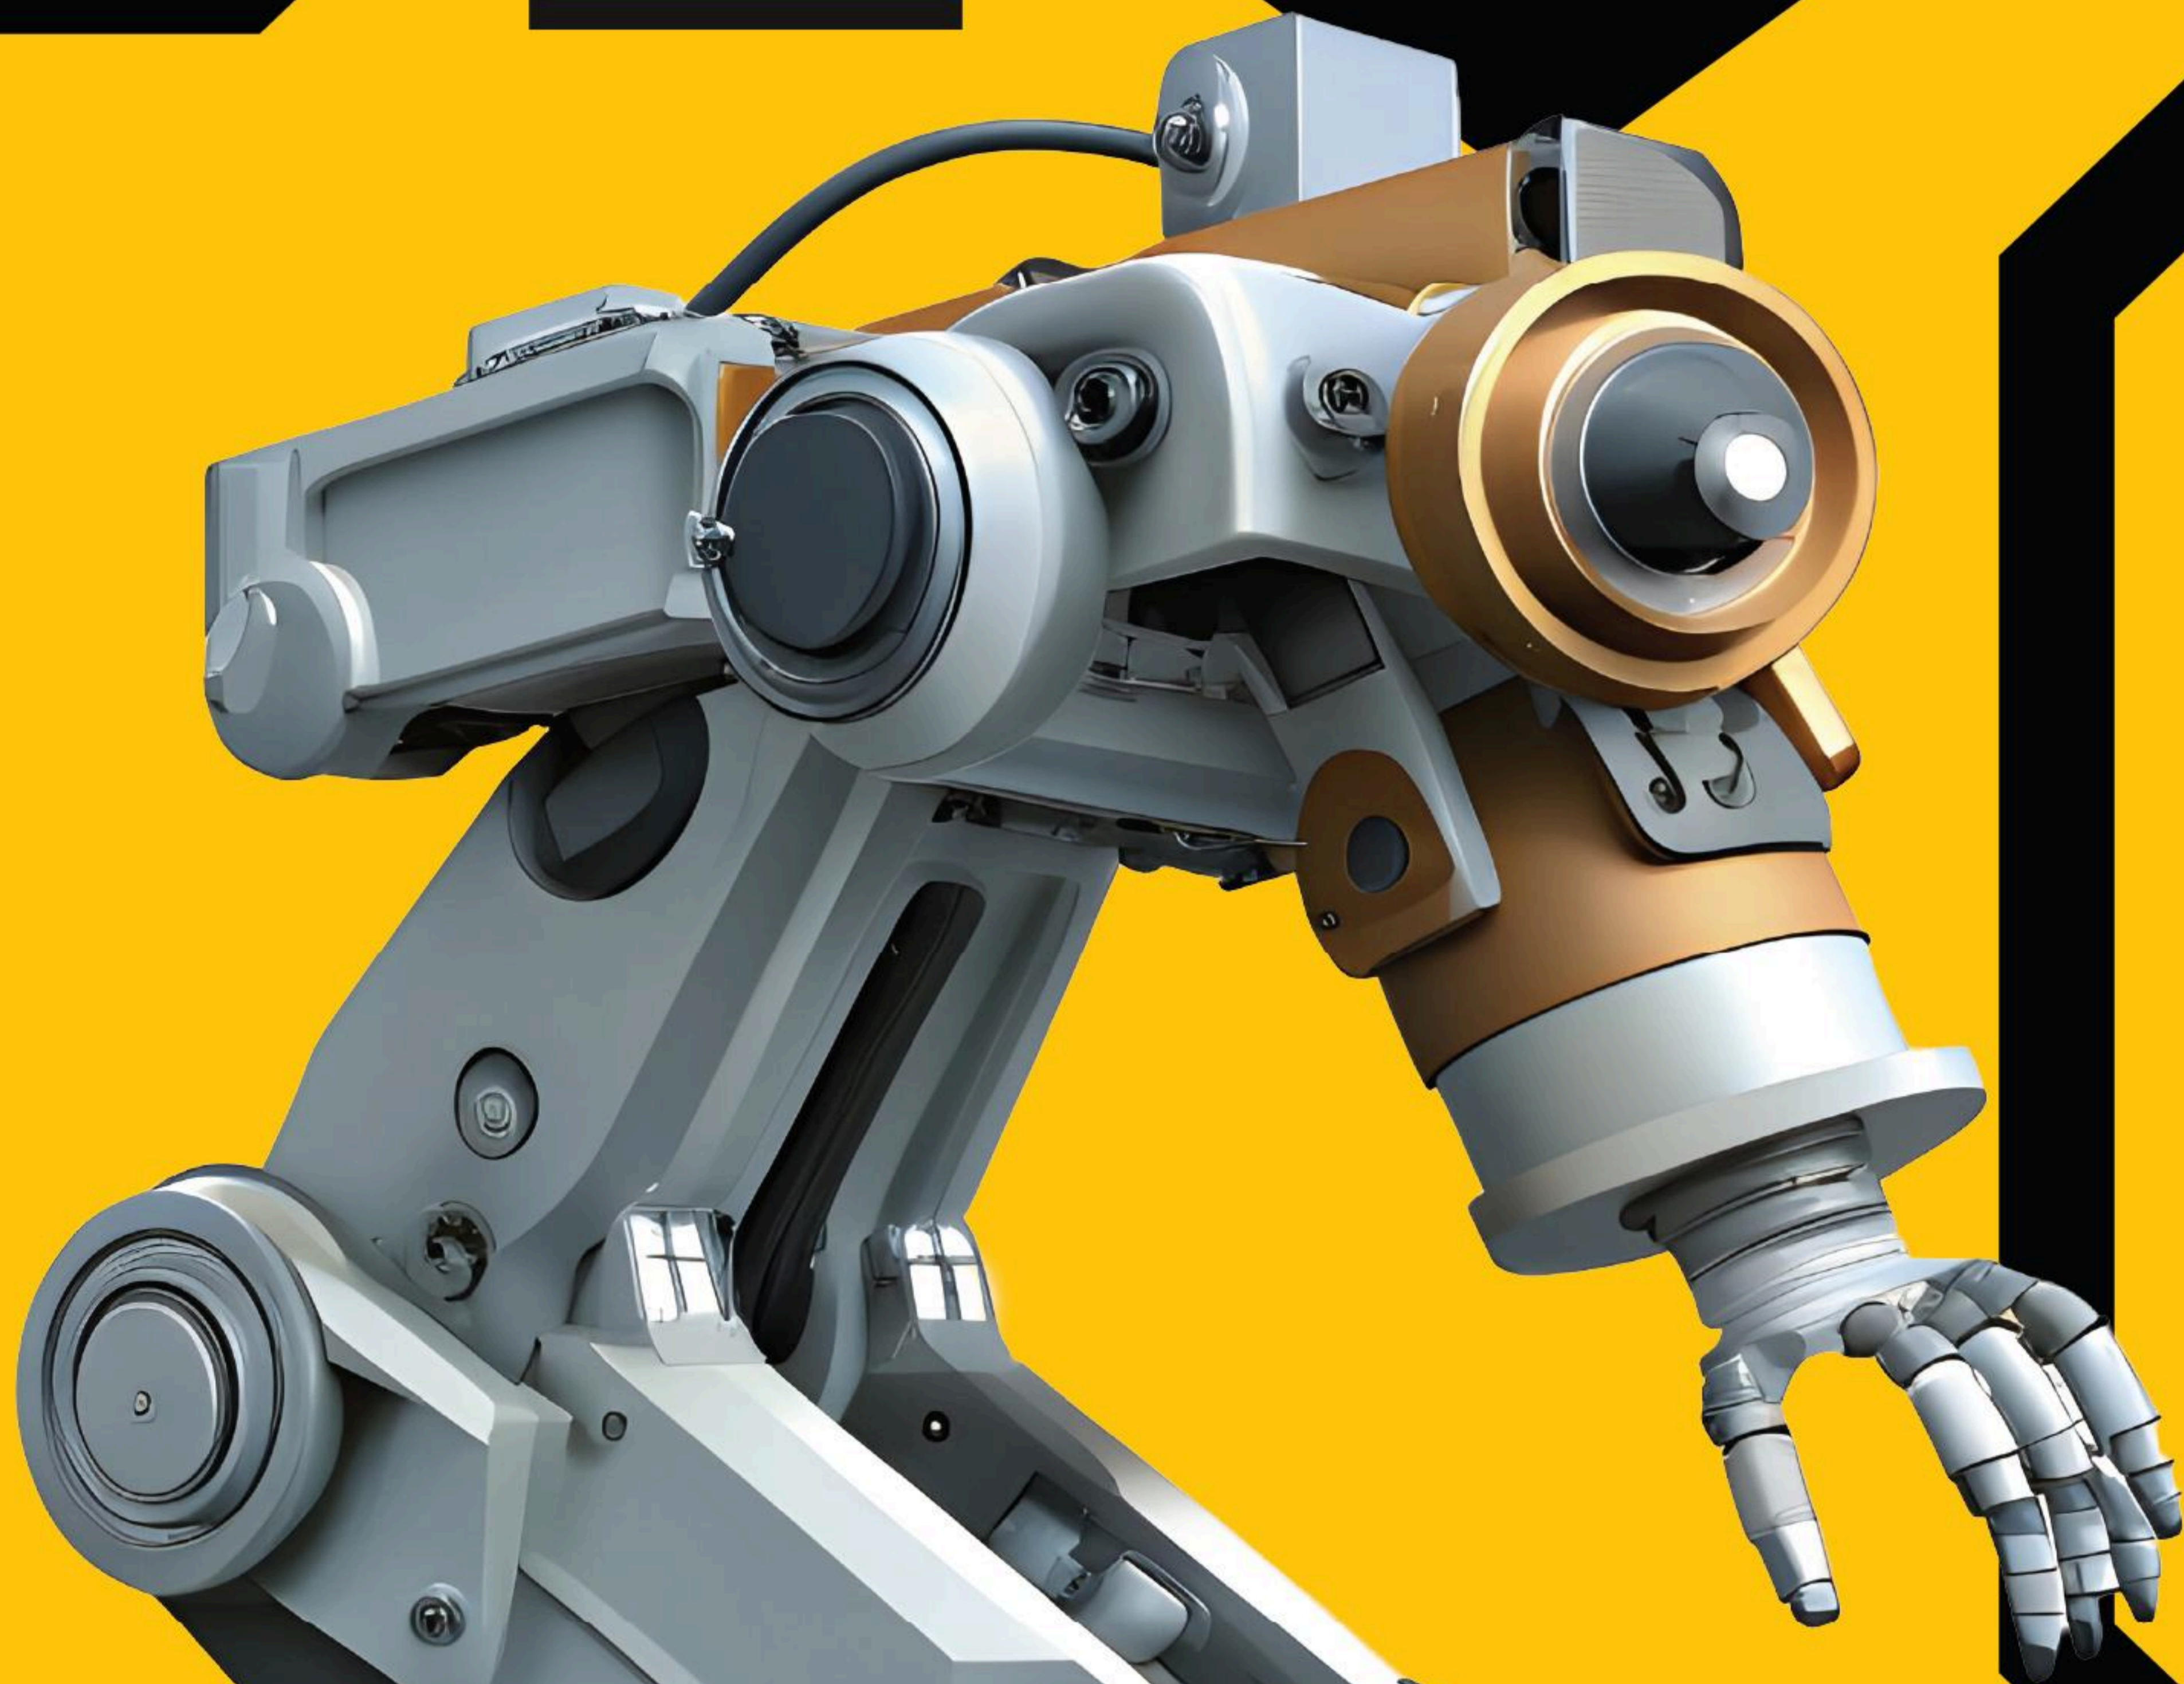

Visitors come from industrial parks, factories, manufacturing & processing enterprises, trading companies, distributors, system integrators, solution providers... in key industrial development provinces/cities of Vietnam such as Hai Phong, Hung Yen, Ha Noi, Hai Duong, Quang Ninh, Thai Binh, Thai Nguyen... and other regions nationwide, along with a significant number of international visitors from Asia and other parts of the world.

VINIF

NORTHEAST SECTION - HAI PHONG
15-17.04.2026

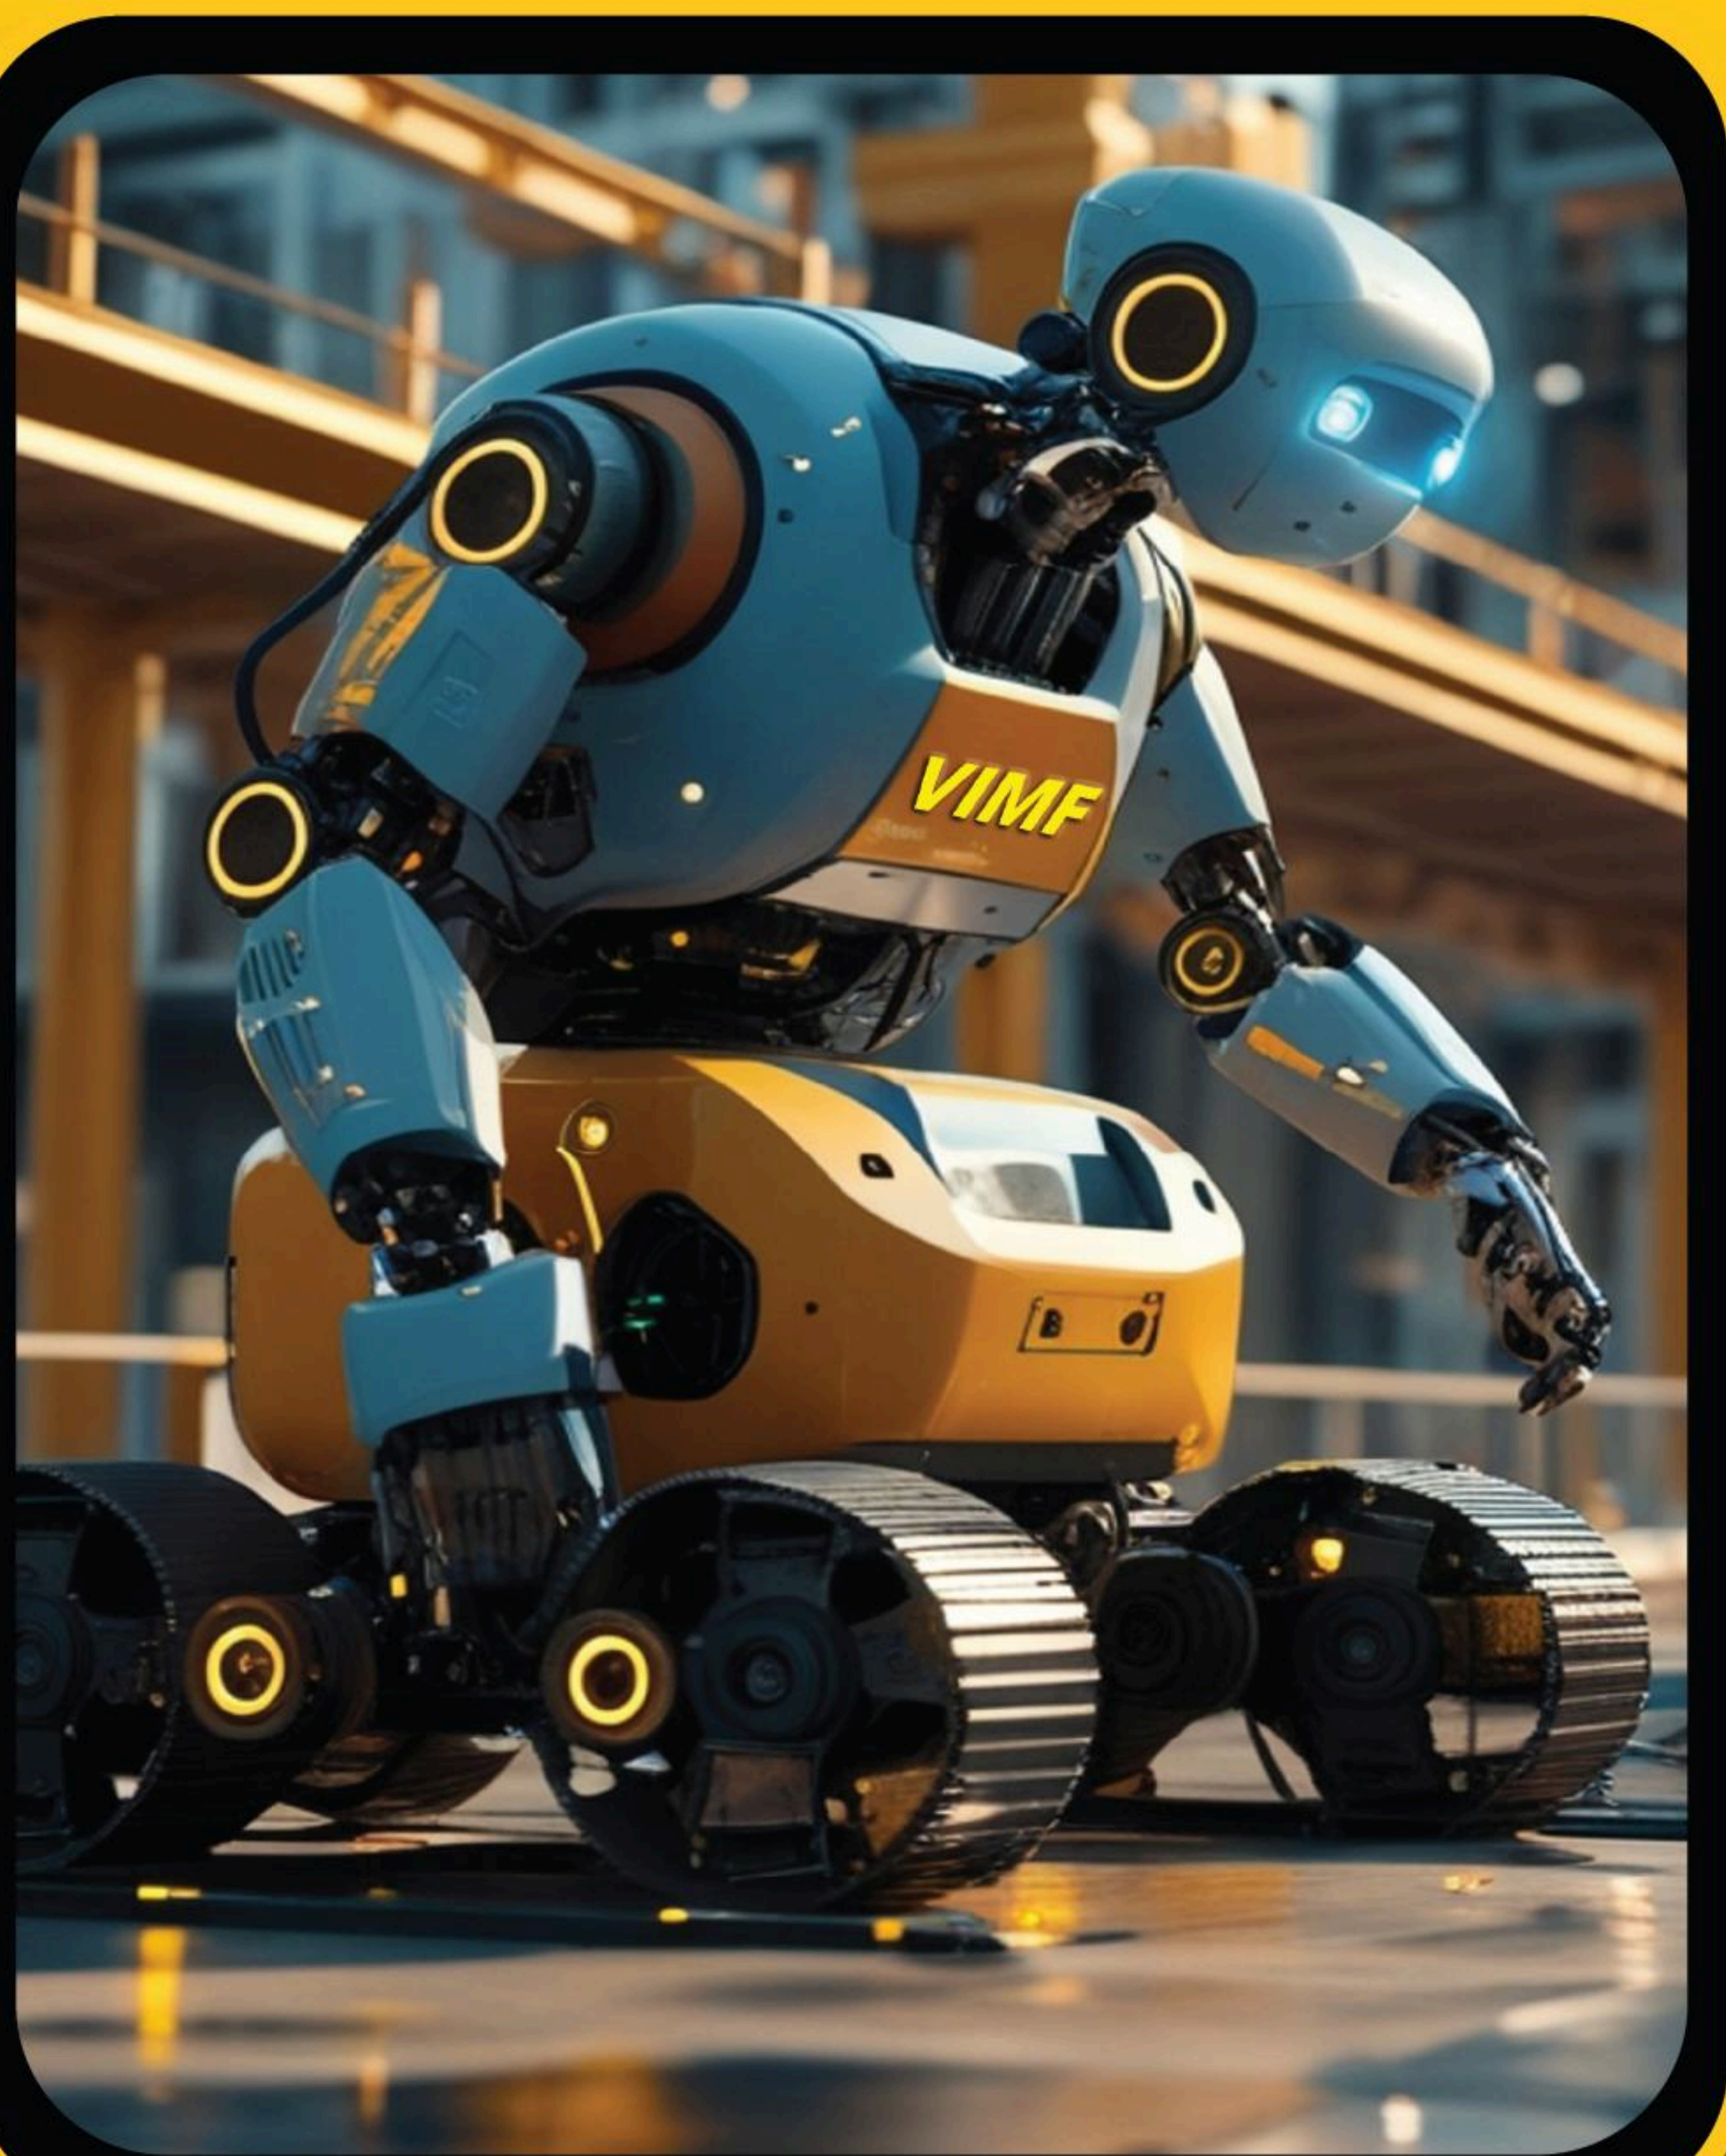

The VIMF 2026 Series provides a comprehensive overview of the latest technologies, products, and advanced solutions serving the development of the modern manufacturing industry, automation, material handling, electronics, and 3D printing applications. The exhibit categories are divided according to the main areas of the exhibition series:

INDUSTRIAL MACHINERY, EQUIPMENT, MATERIALS & ACCESSORIES

- General Manufacturing Machinery, Lines & Equipment
- Metal processing equipment and technology: Cutting machines (Laser, Plasma), Stamping machines, bending machines, welding machines, Welding robots, Plating equipment, Powder coating, Surface treatment
- Machine tools: Milling, Turning, Grinding, Drilling CNC machines & Machining centers
- Cutting tools, Hand tools & Clamping systems
- Casting & Molding equipment & technology (Plastic injection molds, Metal stamping dies...)
- Compressed air, Vacuum & Industrial HVAC systems
- Industrial pumps, Valves & Piping systems
- Industrial cleaning equipment
- Industrial printing & Product marking machinery, equipment
- Plastic & Rubber processing machinery & technology
- Industrial materials (metals, plastics, composites...) & Accessories, Consumables
- Equipment and solutions for diverse supporting industries

INDUSTRIAL AUTOMATION & INDUSTRY

4.0 TECHNOLOGIES

- Factory automation, Process automation, Logistics automation systems
- Industrial robots (welding, cutting, assembly, pick & place, collaborative robots...)
- Control & monitoring systems (PLC, HMI, SCADA, DCS)
- Industrial sensors & Sensor systems
- Actuators & Motion control equipment (Motors, Frequency Converters, Servo Drives)
- Automated measurement & inspection systems, Machine Vision
- Automation software & applications (MES, WMS, ERP integration)
- Industrial Internet of Things (IIoT), AI, Big Data & Analytics in manufacturing
- Smart Factory solutions & Industrial digital transformation
- Safety systems in automation
- Industrial electrical switchgear & distribution equipment

LOGISTICS & MATERIAL HANDLING

- Forklifts & Lifting equipment
- Conveyor & Internal transportation systems
- Warehousing & storage systems (Racking systems)
- Automated warehousing equipment & solutions (AS/RS), Autonomous vehicles (AGV/AMR)
- Industrial packaging equipment & Packaging materials
- Warehouse Management Software (WMS) & Supply Chain Management (SCM)
- Automated sorting & identification equipment (Barcode, RFID)
- In-plant logistics solutions

ELECTRONICS MANUFACTURING & RELATED TECHNOLOGIES

- Surface Mount Technology (SMT) & Equipment: Pick & Place machines, Reflow ovens, Wave soldering machines, Solder paste printers
- Electronic components (ICs, Semiconductors, Sensors...) & Printed Circuit Boards (PCB), PCB assembly services
- Electronic test & measurement equipment (AOI, ICT, Oscilloscopes...)
- Display technology (LCD, LED) & Industrial displays
- Power supplies & Converters
- Cables, Connectors & Electronic accessories
- Electronic Contract Manufacturing Services (EMS) & Electronic Design Automation (EDA)
- IoT and embedded solutions for the electronics industry
- Materials & chemicals for electronics manufacturing

3D PRINTING TECHNOLOGY

- Industrial 3D printers & Desktop 3D printers
- 3D Printing technologies & Materials (Plastics, Metals, Composites...)
- 3D Design & Model preparation software
- 3D Scanners & Reverse engineering technology
- On-demand 3D printing services
- Post-processing equipment for 3D printed products
- Applications of 3D printing in industry

OVERALL SOLUTIONS & SUPPORTING SERVICES

- Manufacturing Execution Systems (MES), Industry-specific ERP systems
- Quality Management Systems (QMS)
- Industrial safety & Environmental solutions
- Consulting services, Technology transfer & Training
- Financial & Industrial insurance solutions
- Industrial park services & Investment promotion
- Training & Industrial human resource development

OPENING CEREMONY

The Opening Ceremony and VIP Tour welcomed distinguished guests, including representatives from the Hai Phong province People's Committee, various departments, and international group pavilions.

INSIGHTFUL SEMINARS

Beyond a traditional exhibition, the VIMF/VIAF 2026 series featured a range of engaging seminars addressing key topics such as connected manufacturing, digital transformation in factories, smart production platforms, industrial automation, the transformative role of 3D printing, and the evolution of the digital workplace.

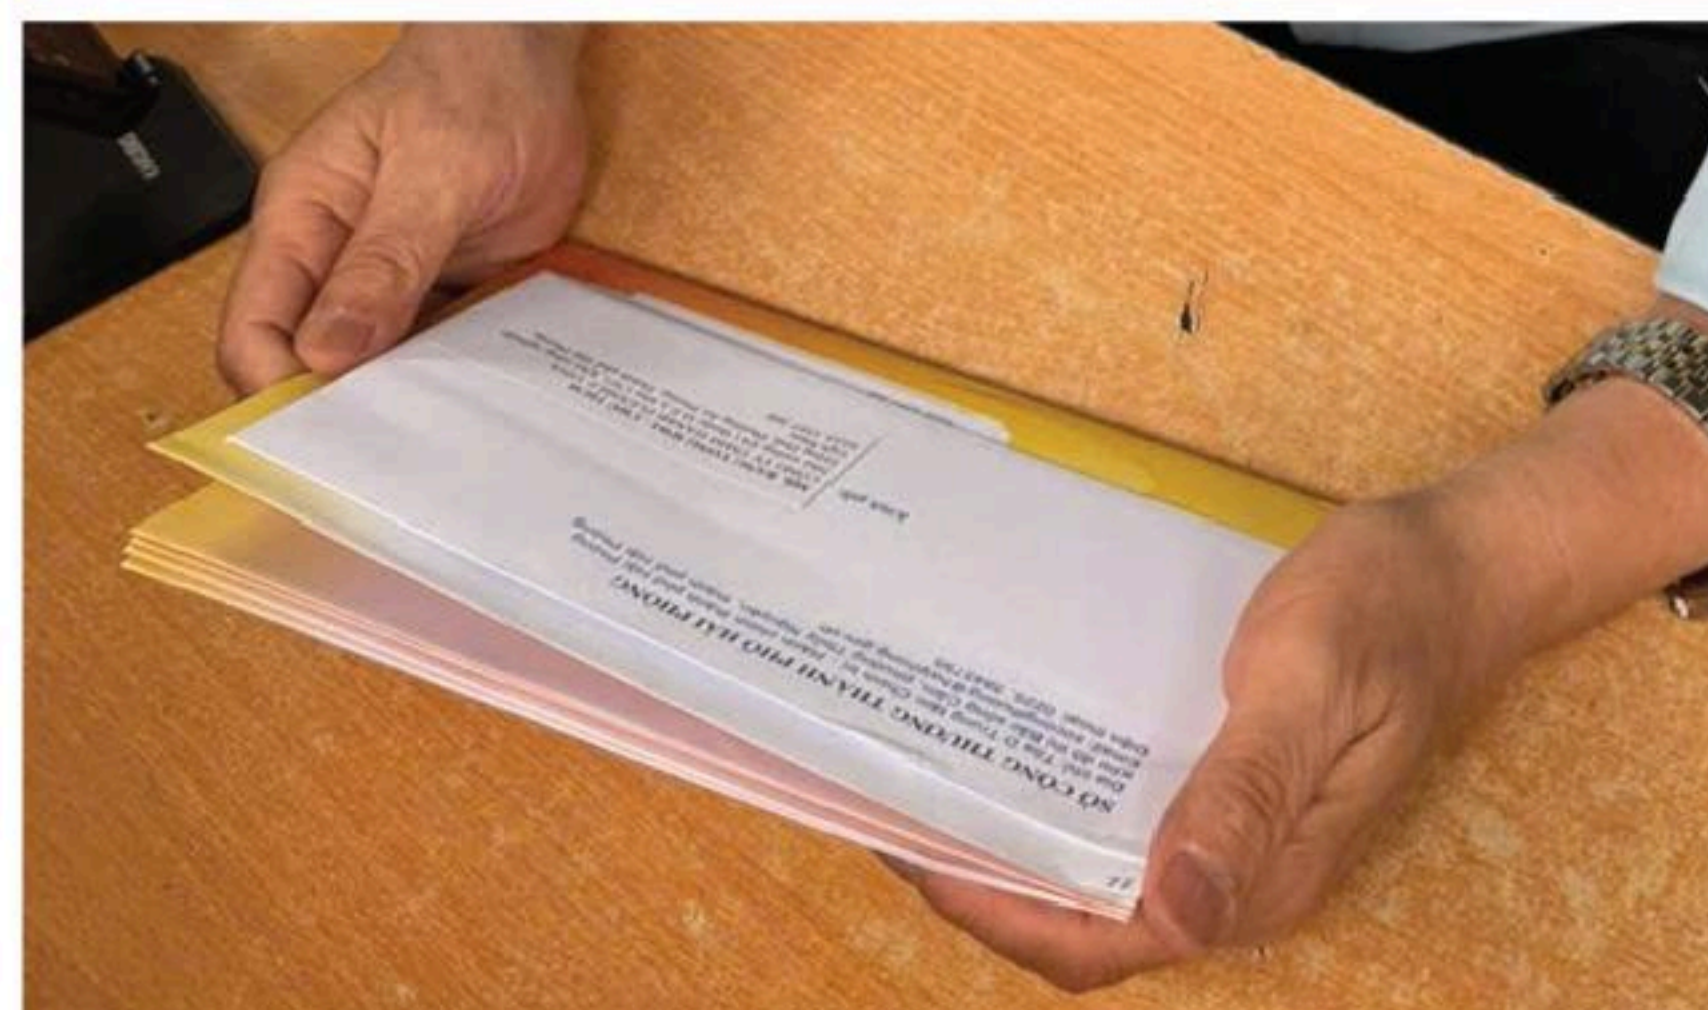

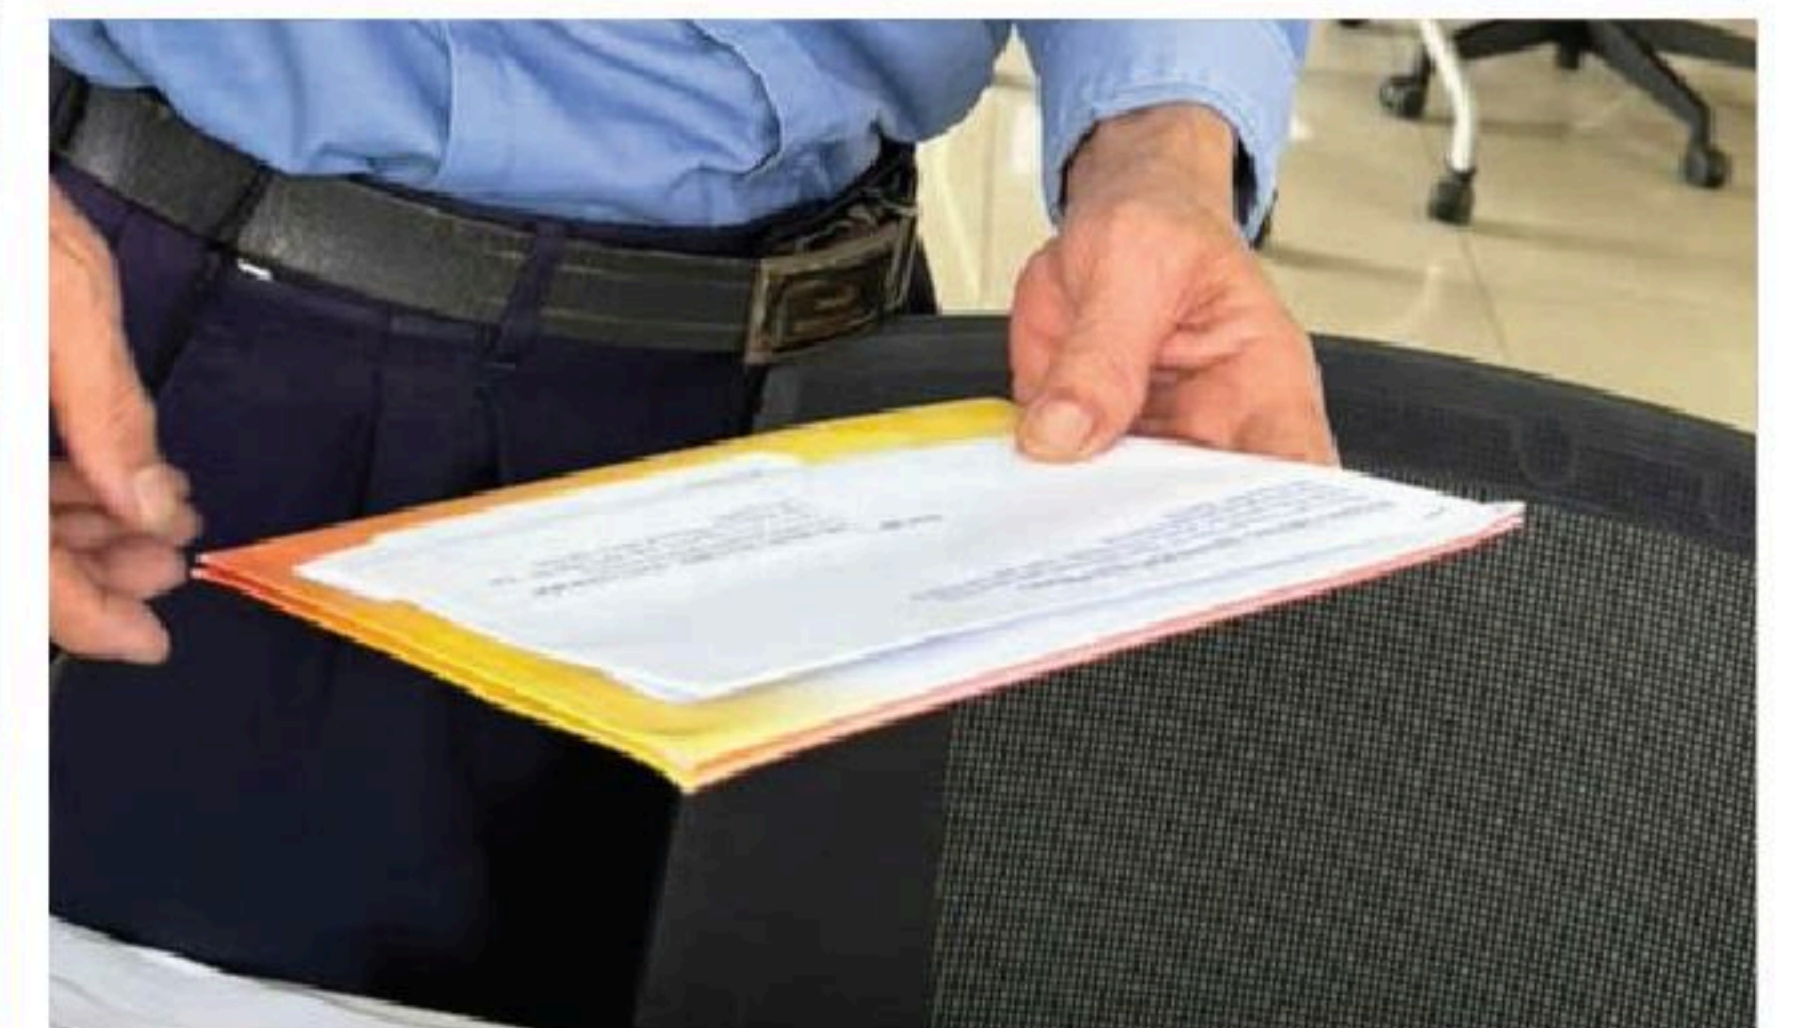

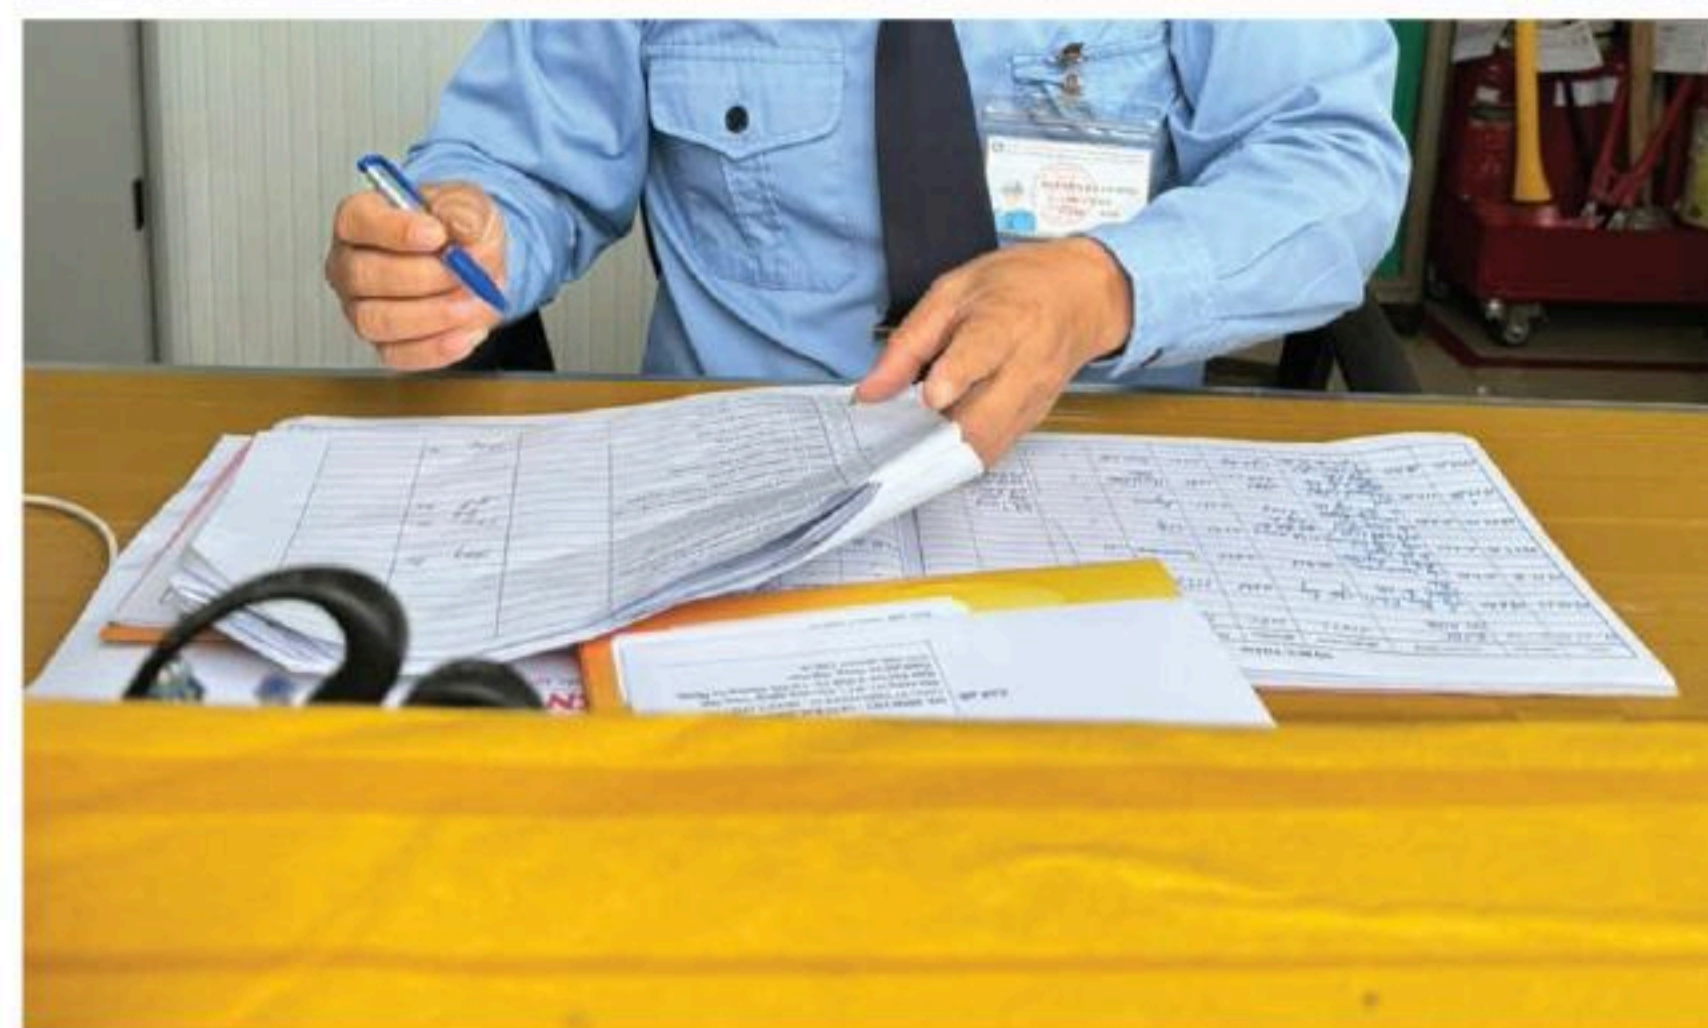

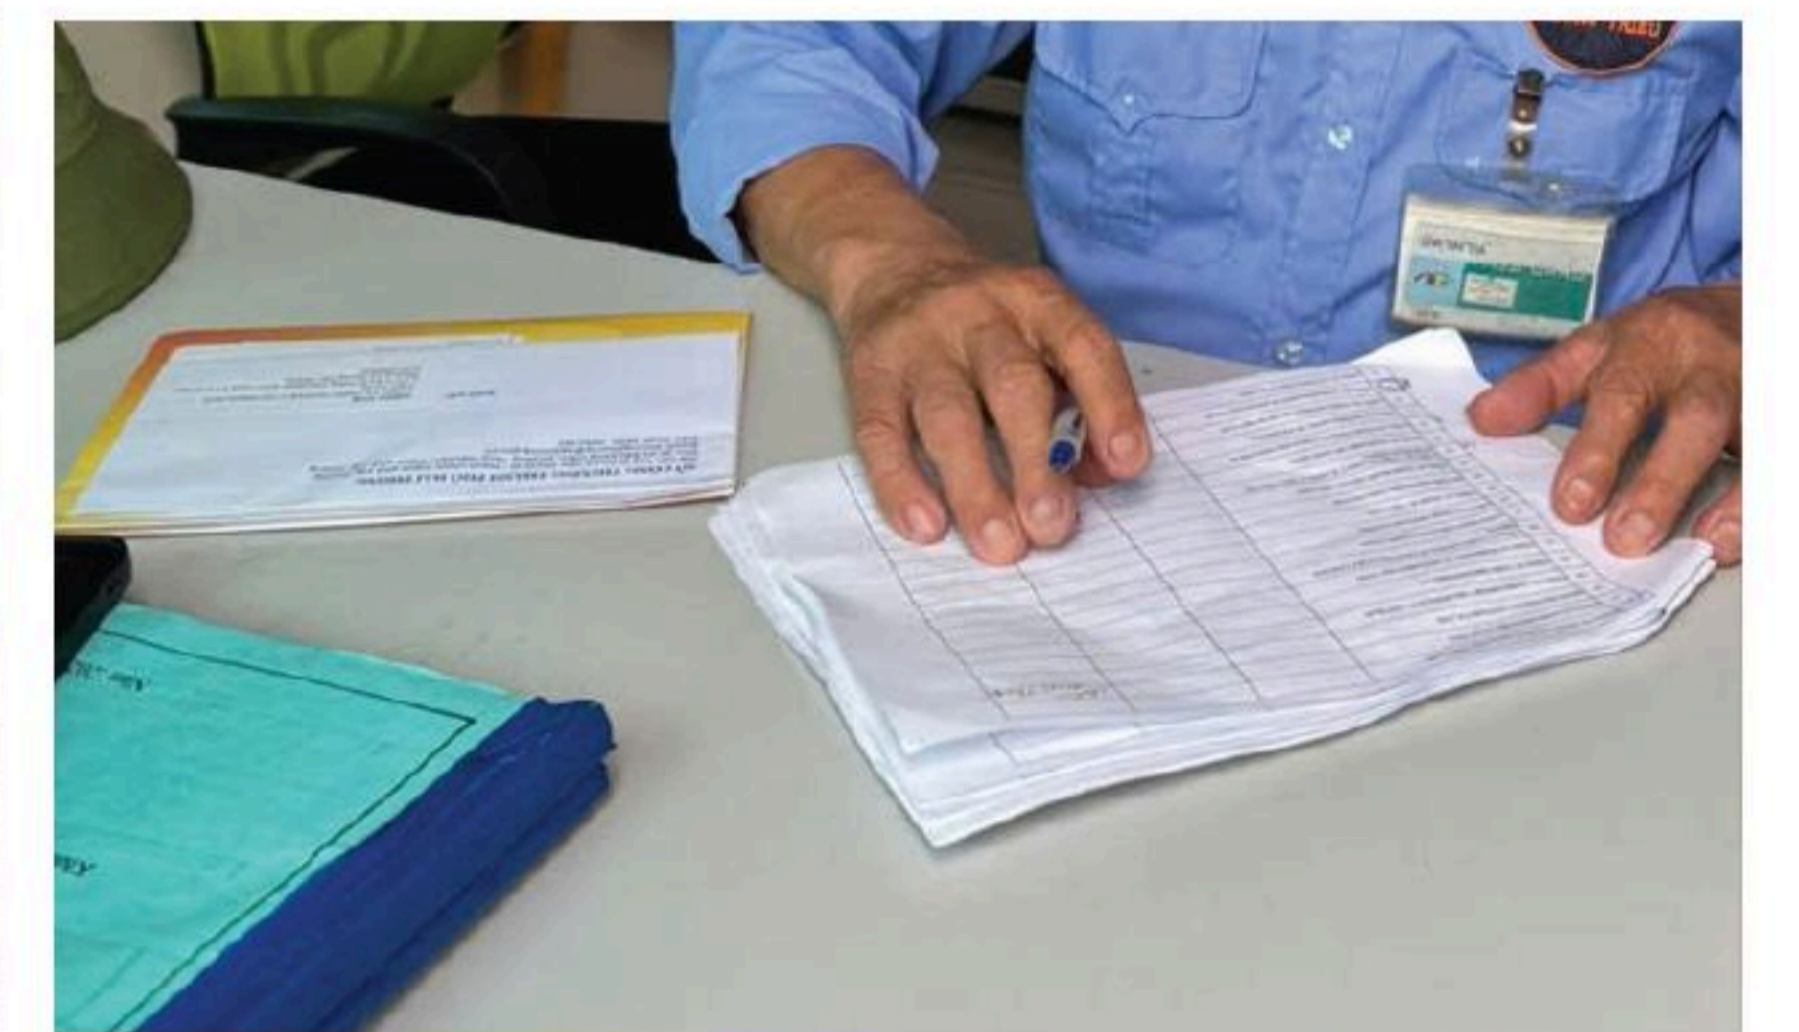

MARKETING HIGHLIGHTS

DRIVING SUCCESS FOR VIMF 2026 HAI PHONG

VIMF 2026 Hai Phong remarkable success was powered by a **strategic 40-week integrated marketing campaign**, meticulously designed to attract high-quality visitors and facilitate meaningful connections. Our comprehensive efforts delivered exceptional reach and engagement:

Extensive Direct & On-Ground Outreach: We conducted direct outreach to industrial zones, distributing **60,000 personalized invitation letters** to factories across 8 key provinces (Thai Nguyen, Hung Yen, Ha Noi, Hai Duong, Bac Giang, Quang Ninh, Thai Binh, Hai Phong, etc.). This was amplified by **60,000 printed invitation cards** and the strategic placement of **2,500 large-format banners and backdrops** throughout industrial parks and main roads, ensuring deep market penetration and constant brand presence.

Powerful Digital Engagement & Lead Generation: Our digital strategy generated significant visitor intent:

- Achieved **6,000 pre-registrations** via our website and targeted phone outreach.
- Executed **100,000 targeted email campaigns** to our comprehensive industry contact list.
- Recorded **5,000 online brochure downloads**, driven by our multi-channel digital promotions.
- Implemented robust digital advertising across Facebook, Zalo, YouTube, LinkedIn, and Google Display Networks, ensuring maximum reach to relevant professional audiences.

OPENING LỄ KHAI MẠC CEREMONY

VIMF: INDUSTRY'S BIGGEST MANUFACTURING, ADVANCED AUTOMATION, & SUPPORTING INDUSTRIES EXHIBITION IN VIETNAM

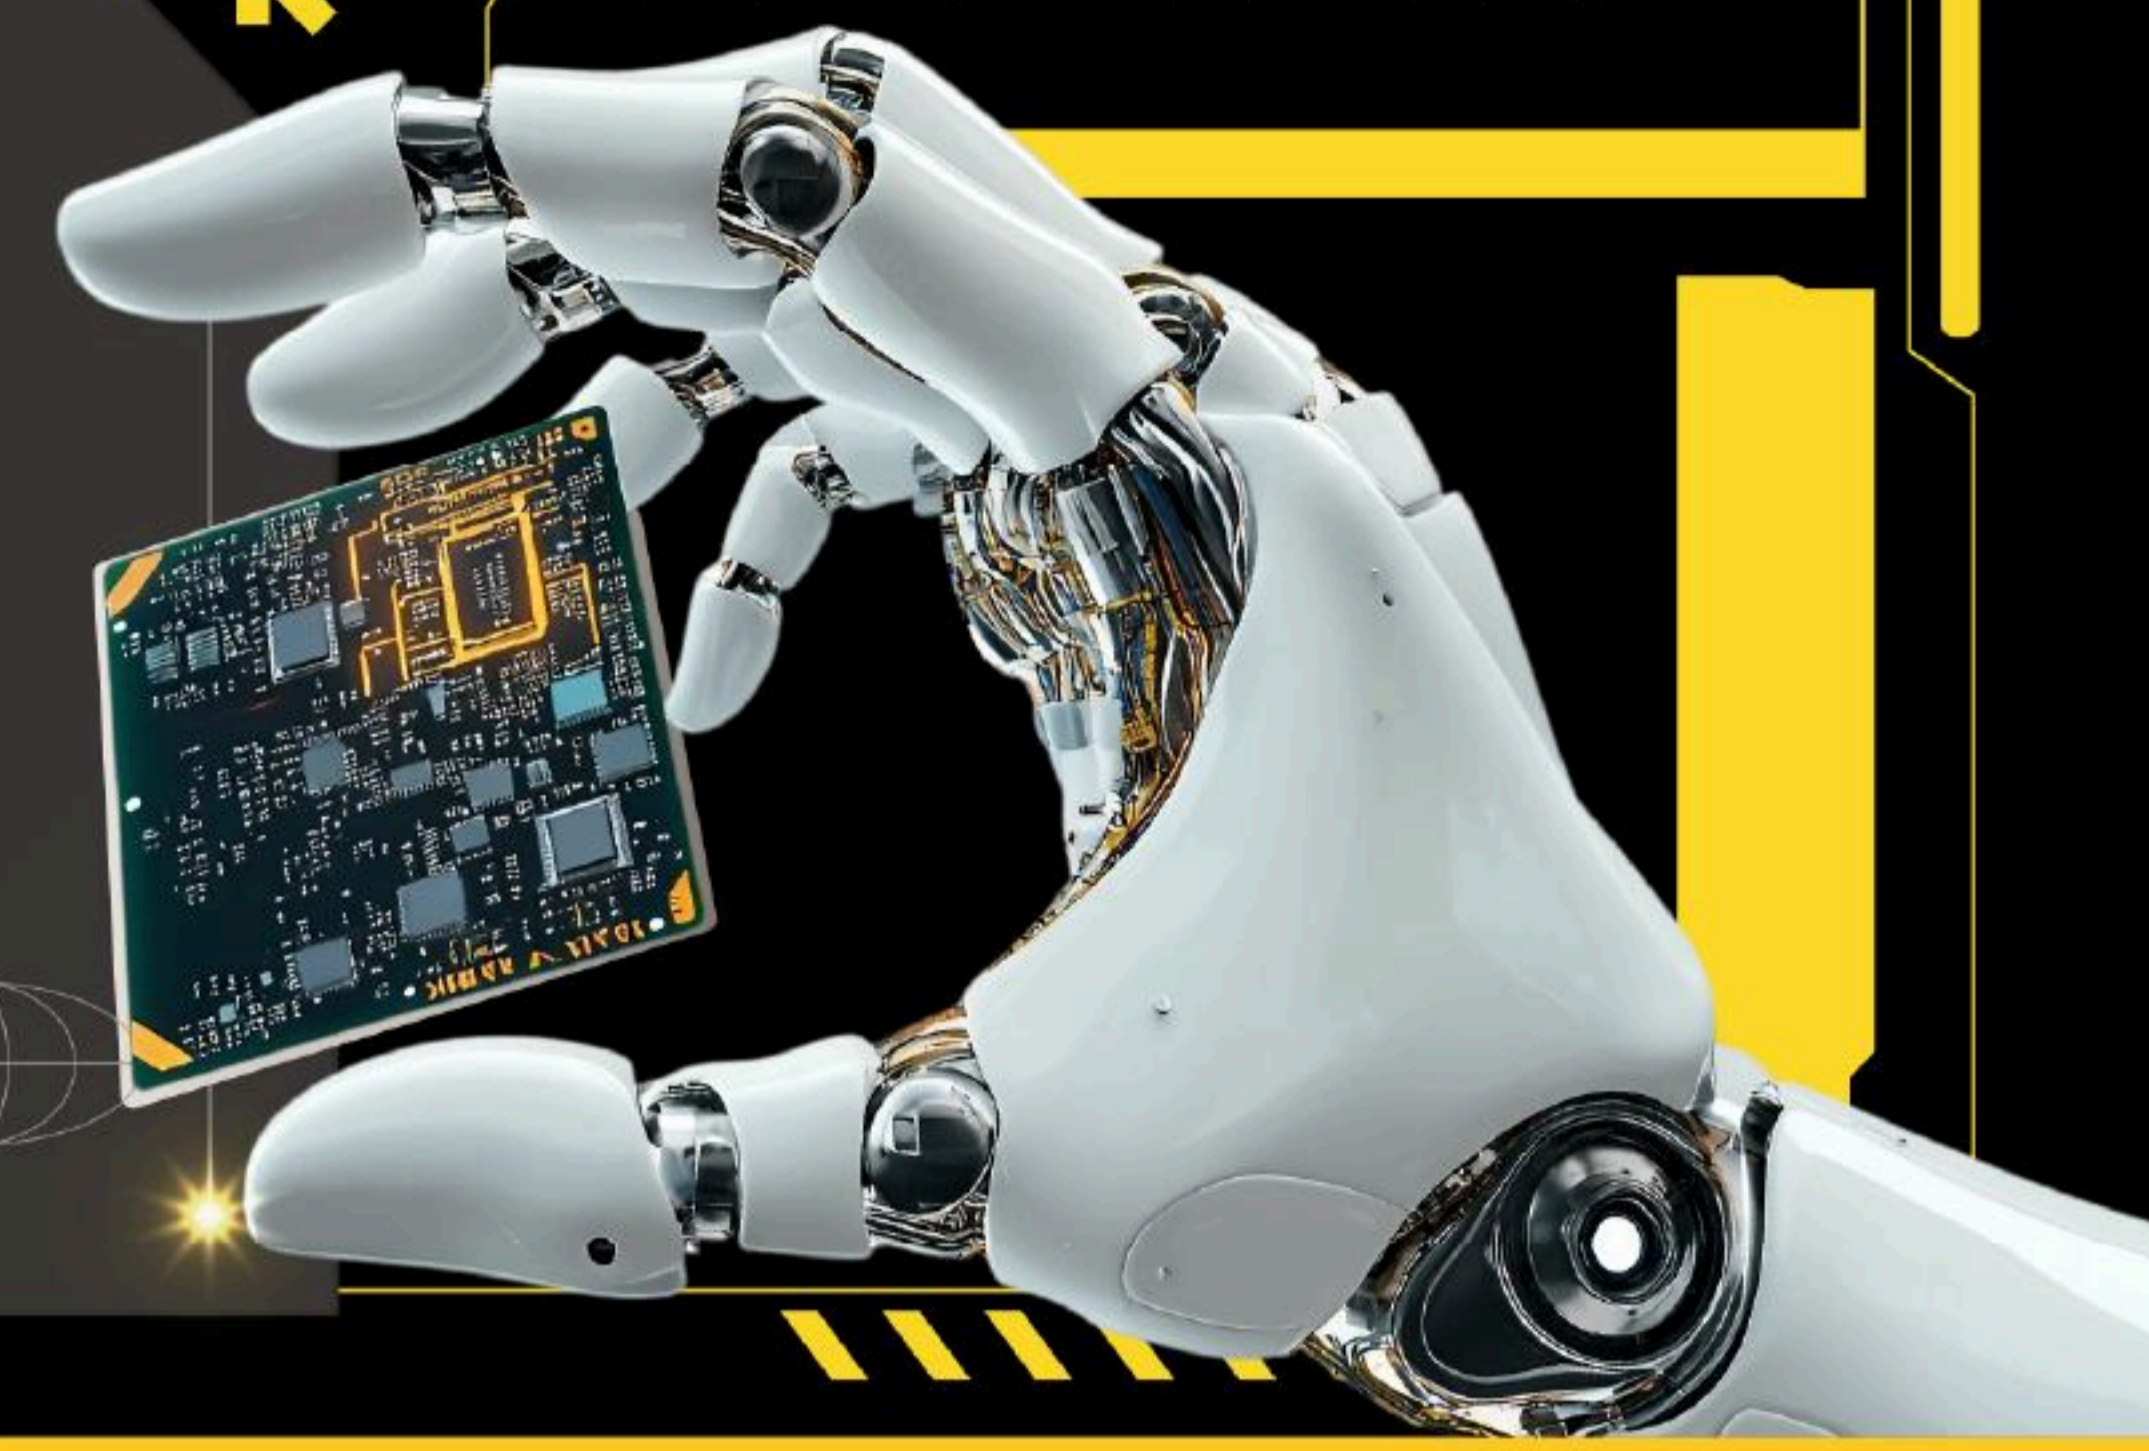

15.04 2026

NORTHEAST SECTION
HAI PHONG

SUPPORTERS

Distinguished delegates,

Esteemed entrepreneurs and business representatives from both domestic and international communities; representatives of press and media agencies; and all citizens,

First of all, on behalf of the Leadership of the Department of Industry and Trade of Hai Phong, I would like to extend a warm welcome to all distinguished delegates and convey my best wishes for health and happiness. I also wish the Opening Ceremony of the Vietnam Industrial & Manufacturing Fair in conjunction with the Vietnam Industrial Automation Fiesta 2026 in Hai Phong great success.

Distinguished delegates,

Hai Phong holds a particularly important position in terms of economy, society, science and technology, as well as national defense and security for the Northern region and the country as a whole. In recent years, Hai Phong has consistently been a bright spot in the nation's economic development, with its economic scale ranking third nationwide and its GRDP growth rate maintaining an impressive double-digit increase for 11 consecutive years.

In the first quarter of 2026, despite the general impact of rising fuel prices due to escalating conflicts in the Middle East, Hai Phong continued to sustain its growth momentum and achieved positive results: GRDP growth reached 11.21%, ranking third nationwide; export turnover reached USD 12.1 billion, while import turnover stood at USD 9.6 billion; cargo throughput via ports reached 42.8 million tons; and the industrial production index increased by 14.9% compared to the same period last year. To date, Hai Phong is home to over 1,800 FDI projects with a total registered capital of up to USD 51.5 billion.

During the 2020–2025 period, the industrial production sector in Hai Phong continued to grow steadily. The share of industrial value added in GRDP increased from 43.33% in 2020 to 49.85% in 2025. The proportion of high-tech industrial products within the processing and manufacturing sector rose from 46% in 2020 to an estimated 68% in 2025. The city has newly established 10 industrial parks and 13 industrial clusters, bringing the total to 23 industrial parks and 20 industrial clusters. At the same time, transport infrastructure connecting logistics centers with international seaports, as well as with economic corridors and belt routes, has been strongly and consistently invested in.

These achievements not only reflect the strong dynamism of the city's economy but also affirm Hai Phong's role as a leading industrial, seaport, and logistics hub in Northern Vietnam, as well as an attractive destination for both domestic and international investors.

Distinguished delegates,

With the goal of developing industry in a modern, smart, high value-added, and environmentally friendly direction, Hai Phong is undertaking the restructuring of its industrial sector in alignment with modernization, smart transformation, and green development. Priority is given to the development of high-tech industries, supporting industries, and key industries—particularly those serving global value chains and sectors with the city's strategic advantages, such as semiconductors, artificial intelligence (AI), robotics, renewable energy, and new materials. The Department of Industry and Trade, together with other departments and agencies, has been focusing on implementing key tasks and solutions, with strong support and active participation from the city's business community.

In its role as a state management authority, in addition to encouraging and inviting professional organizers to hold trade fairs and exhibitions to stimulate consumption, the Department of Industry and Trade has also proactively selected and invited qualified organizations to host specialized exhibitions. These efforts aim to further promote trade facilitation, enhance business connectivity, and attract investment.

Specifically, for this activity, the Department of Industry and Trade has taken the lead, in coordination with other departments and agencies, to report, propose, and obtain approval from the City People's Committee for OMG EVENTS MANAGEMENT CO., LTD. to organize the Vietnam Industrial & Manufacturing Fair in conjunction with the Vietnam Industrial Automation Fiesta 2026, taking place from April 15 to April 17, 2026 at the Viet-Tiep Cultural Palace in Hai Phong.

15.04
2026

THE EAST SECTION
HAI PHONG

With a scale of approximately 300 booths from more than 10 countries and territories such as Singapore, Japan, South Korea, China, Taiwan, Thailand, Malaysia, the United States, Germany, Italy, Australia, and Vietnam, the exhibition aims to showcase and introduce high-tech industrial products, machinery, tools and equipment, industrial devices, mechanical processing, automation, 3D printing and design technologies, as well as solutions applying Industry 4.0, IoT, smart manufacturing, AI, and robotics in industry and logistics.

Through this, the exhibition will contribute to strengthening connections between businesses, technology, and markets; support industrial manufacturing enterprises—especially supporting industry enterprises—of Hai Phong in becoming suppliers to both domestic and international partners; promote investment attraction into industrial production sectors within the city; and create momentum for the industrial development of Hai Phong in the current period and in the years to come.

Distinguished delegates,

We firmly believe that the VIMF in conjunction with the VIAF 2026 in Hai Phong will bring about many practical cooperation opportunities, contributing to the development of Hai Phong's industry in a modern, sustainable, and internationally integrated direction.

We respectfully request the Organizing Committee to continue close coordination with the city's departments, agencies, and local authorities to ensure that all activities within the framework of the Exhibition are conducted in a practical, effective, safe, and compliant manner. At the same time, efforts should be strengthened to promote business networking, investment promotion, and technology transfer, so that the Exhibition truly becomes an important bridge connecting Vietnamese enterprises with international partners.

On behalf of the Department of Industry and Trade, we will continue to accompany and support enterprises in promoting their products, accessing advanced technologies, and expanding cooperation in investment, production, and business activities. We will also support technological innovation, digital transformation, and the enhancement of competitiveness, while facilitating enterprises' deeper participation in global value chains.

Once again, on behalf of the Leadership of the Department of Industry and Trade of Hai Phong, I would like to extend a warm welcome to the leaders of departments, agencies, and localities, as well as organizations and enterprises that have actively participated in the Exhibition. We sincerely thank OMG Events Management Co., LTD. and all enterprises for their trust in selecting Hai Phong as the venue for this meaningful event.

We wish the Vietnam Industrial & Manufacturing fair 2026 in Hai Phong every success.

Wishing all distinguished delegates and businesses good health, happiness, and success.

Thank you very much.

Mr. Nguyen Hoang Long
Director Of Hai Phong Department Of Industry And Trade

CONFERENCE AGENDA

Join us for insightful discussions and presentations from industry experts.

**SPEAKERS
FROM**

DAY 1 - APRIL 15, 2026

BUSINESS FORUM "INDUSTRIAL INVESTMENT TRENDS IN NORTHERN VIETNAM – OPPORTUNITIES & CHALLENGES 2026"

13:30

14:10

Opening and Welcome Speech

Representative from: VCCI, Hai Phong People's Committee, Foreign Investment Agency, Ministry of Finance, Department of Industry, Ministry of Industry and Trade, Assist Asia, Hai Phong Business Association

14:10

15:50

[Panel 1]: Northern Vietnam 2026: Breakthrough opportunities in attracting high-quality FDI and challenges in institutions, infrastructure, and workforce

Representative from: Hai Phong Economic Zone Authority, Hung Yen Industrial Parks Authority, Singapore Business Association in Vietnam, Macstar Group – Hai Phong Logistics Association, Lien Minh Import Export Trading and Services Co., Ltd, Vietnam Association of Foreign Invested Enterprises (VAFIE)

15:50

16:50

[Panel 2]: Transition to Smart and Sustainable Manufacturing: Practical Models and Lessons for Industrial Enterprises in Northern Vietnam.

Representative from: AIST Institute, Tien Phong Plastic Joint Stock Company, Industrial Park Developers, LG Display Vietnam (Hai Phong), Renewable Energy Enterprises, Gemadep Group, Bank, Shinec Joint Stock Company.

DAY 2 - APRIL 16, 2026

10:00

10:30

LBM INVESTMENT JOINT STOCK COMPANY

Centralized Print Management Solutions for Enterprises
SPEAKER: Mr. Nguyen Thien Tung, Training Manager

10:35

10:55

FRASERS PROPERTY VIETNAM

Elevate Your Operations – Smarter Space, Stronger Growth

SPEAKER: Mr. Linh Pham, Industrial Leasing & Investment Management Manager, Frasers Property Vietnam

11:00

11:45

DEEP C

Deep C Industrial Center

SPEAKER: Tran Thi Huyen, Senior Business Manager

13:30

15:05

SOLIS VIETNAM

Solis Evercore 261kWh – A solar-plus-storage solution for industrial applications, reducing current electricity costs and preparing for the era of two-part electricity pricing.

SPEAKER: Mr. Le Huu Hoang, Technical Director for Southeast Asia at Solis

SPEAKER: Mr. Uong Ngoc Thanh, Deputy Director of Nhat Minh, official distributor of Solis

DAY 3 - APRIL 17, 2026

10:00

12:00

GLOBAL ELECTRONICS ASSOCIATION

Best practice of electronics assembly & IPC Standards Application

BOOK YOUR STAND NOW !

We would like to extend our heartfelt appreciation for your participation in the exhibition in Hai Phong. Your dedication to showcasing your products and services significantly contributed to the success of the event, and we are genuinely thankful for your invaluable support.

We recognize the time and effort you invested in making VIMF/VIAF a remarkable experience for all attendees. Your involvement enhanced the exhibition and provided tremendous value to our guests. It has been a pleasure collaborating with you, and we are eager to explore the possibility of working together again in the future.

We warmly invite you to join us for our upcoming exhibitions organized by OMG, where we can continue to discover new opportunities and strengthen the connections forged during the VIMF/VIAF series. We are enthusiastic about the potential for future collaborations and shared successes.

Thank you once again for your participation and ongoing support. We genuinely value our partnership and look forward to seeing you at future events.

Best regards,
